COVID-19 PLAN

Upon arrival each parent is asked to sanitize their hands as they enter the daycare. Each child's temperature will be taken prior to entering the daycare. After your child is accepted into the daycare, they will immediately be taken to wash their hands.

While our staff have specified times that they are required to wash their hands, we are also asking them to increase the frequency that they wash and sanitize their hands as well.

If you or your child has had a fever, cough, vomiting, diarrhea or runny nose within the past 24 hours, we ask that you keep your child at home.

The daycare can only remain open if my teachers are healthy.
